Pam and LaTonya,
Please see note below from Janetta – I've provided her your names.
I'm also cc'ing Gloria Vaughn on this message. Gloria is the EJ coordinator in Region 6.
Safe travels and take good care.

Thank you.
Please let me know if Pam and LaTonya is responding in the role of Community Liaison (CL)?
If they have EP ID clothing it may be useful to pack a few T-Shirts
Safe Travel for All.
I am going downstairs in hopes of obtaining of a list of those being deployed.
Thanks,

Janetta –
Thanks for the information and congratulations on the excellent EJ integration work! The approaches you all are implementing are so forward thinking.
As part of the back-up to R6, the R7 EJ and community involvement staff are part of the RICT and involved with the response. Please look out for Pam and LaTonya as they travel your way on Friday. They are both hard workers and very experienced working with external stakeholders.
Please let me know if you have any questions or concerns.
Thanks,
Althea M. Moses

All-

As discussed during today's EJ Coordinators call, we are working to identify and build a team of individuals who can be deployed during emergency responses to support the consideration of environmental justice into emergency management activities. Please note that before any RSC member can be deployed, s/he must complete the on-line FEMA ICS 100 and 200 level training and the RSC orientation course. Also, one must complete the online health and safety course (HAZ-WOPR) course, as well as classroom-based courses ICS-300 and ICS-400. See the table for links to the trainings. In addition, we are developing a webinar focused on the role of an EJ facilitator within unique response efforts.

Some of you already have completed the necessary training. If so, please update your RSC profile (Step 1) and reach out to me so that I can add you to our database (Step 3).

For those of you who have not started or completed the required trainings, please check out the steps below to start the process of joining the Cadre of EJ Response Facilitators.

Step 1: Join the [EPA Response Support Corps](#)

a. Sign up through the RSC Database: takes you to the [Emergency Management Portal](#)

b. Create/Update your profile

a. *Sections 1 and 2:*

i. Under Employee Type Information, click the appropriate items, including RSC

b. *Section 3: Training and Certification*

i. Add the appropriate trainings as you take them.

c. *Section 4: Expertise and Skills*

- i. Select the appropriate expertise and skills for the relevant categories
- ii. Under "Other," select Operational Support Category and type "Environmental Justice"
 - d. *Section 5: Specialized Groups and Equipment*
- i. Select the appropriate specialized groups. Add Emergency Operations Center, Community Outreach Response Team, etc. as appropriate
- ii. Select the equipment and clothing, such as EPA laptop, EPA travel card, etc.
 - e. *Section 6: Deployment and Exercises*
- i. Indicate your RSC preferences

Step 2: Complete the required trainings

- a. Sign up for Mandatory RSC Orientation: [contact your program or region RSC point of contact](#) for information
- c. Register for a [FEMA Student ID](#) (FEMA SID)
- d. Sign up for FEMA online courses via the FEMA EMI website (see links in table below)
- e. Add the 24-Hour health and Safety training to your EPA University learning plan
- f. After completing each course, print your certificate and update the RSC database to indicate you have completed the training. You will need to keep the certificate as documentation.
